

Allied Health-Clinical Medical Assistant

FEEL GOOD by helping patients!

In only eleven months, you can earn the skills and knowledge you need to successfully become a Certified Medical Assistant!

Do you enjoy helping others? Do feel good when others ask for your guidance, care and assistance? Would you like to work with other professionals providing health care to patients?

If you answered YES to these questions, this degree program is for YOU! Our graduates are prepared for direct patient care positions working side by side with a physician or other health care professionals. Additionally, this degree program equips students for CAREER ADVANCEMENT by including courses in communications, biology, chemistry, mathematics, computer applications, humanities, and the social sciences.

Why is the program beneficial to me?

By continuing in Allied Health associate degree courses for two semesters, you will graduate with your associate degree in Allied Health Clinical Medical Assistant!

Our Allied Health – Clinical Medical Assistant degree provides you with both classroom instruction and clinical education, preparing you to successfully complete nationwide certification examinations for Phlebotomy, EKG Technician, Patient-Care Technician, and Certified Medical Assistant. After earning your degree, you are prepared to start work immediately.

Or

P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. and complete a bachelor degree at one of these educational partners, or at any accredited college or university. P.I.T. will prepare you for the next step that's right for YOU!

Why choose P.I.T. for your Allied Health – Clinical Medical Assistant degree?

1. Experienced Instructors

Our instructors either come from a real-world background or still hold positions in the health care field. They share their working knowledge to better prepare our students to enter the workplace.

2. Intimate learning environment and family atmosphere

Our instructors know each student on a first name basis. Smaller class sizes allow us to focus on each student's individual strengths and areas in need of improvement.

3. Learn at your own pace! – E-Learning at P.I.T

A number of courses are blended learning, enabling students to spend less time in class and more time learning. You meet once a week with the instructor and the rest of the time interacting with your instructor over the Internet.

4. Free tutoring

Scheduled tutoring from both instructors and honor students is available to ALL P.I.T. students, free of charge!

5. Portfolio Building and Interview Coaching

The value of a P.I.T. education extends beyond the classroom! Our instructors work hard to prepare graduates through portfolio building and interview coaching.
