

# Allied Health- Medical-Billing-and-Coding

## *A UNIQUE OPPORTUNITY that combines health care professional and technology!*

**In only eleven months, you can earn the skills and knowledge you need to successfully become a Medical Billing and Coding Specialist!**

Are you detail oriented, analytical, possess discretion and good interpersonal skills? Would you like to work with other professionals providing health care to patients?

**If you answered YES to these questions**, this degree program is for YOU! Our graduates are prepared for one of the most essential jobs as a health care provider. Medical Billing and Coding professionals use a set of specific codes that match patients' diagnosis and procedures. These codes are used to charge patients and insurance companies for services. Additionally, this degree program equips students for CAREER ADVANCEMENT by including courses in communications, biology, chemistry, mathematics, computer applications, humanities, and the social sciences.

## **Why is the program beneficial to me?**

**By continuing in Allied Health associate degree courses for two semesters, you will graduate with your associate degree in Allied Health Medical Billing and Coding!**

Our Allied Health – Medical Billing and Coding degree prepares you to take a nationwide certification examination and includes an array of other courses that enable you to advance your career. After earning your degree, you are prepared to start work immediately.

Or

P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. and complete a bachelor degree at one of these educational partners, or at any accredited college or university. P.I.T. will prepare you for the next step that's right for YOU!

# ***Why choose P.I.T. for your Allied Health – Medical Billing and Coding degree?***

## **1. Experienced Instructors**

Our instructors either come from a real-world background or still hold positions in the health care field. They share their working knowledge to better prepare our students to enter the workplace.

## **2. Intimate learning environment and family atmosphere**

Our instructors know each student on a first name basis. Smaller class sizes allow us to focus on each student's individual strengths and areas in need of improvement.

## **3. Learn at your own pace! – E-Learning at P.I.T**

A number of courses are blended learning, enabling students to spend less time in class and more time learning. You meet once a week with the instructor and the rest of the time interacting with your instructor over the Internet.

## **4. Free tutoring**

Scheduled tutoring from both instructors and honor students is available to ALL P.I.T. students, free of charge!

## **5. Portfolio Building and Interview Coaching**

The value of a P.I.T. education extends beyond the classroom! Our instructors work hard to prepare graduates through portfolio building and interview coaching.
