

Behavioral Health

Helping Others – The Noblest of Professions

Achieve your goals fast and efficiently, in only eighteen months, you can earn your associates degree with our *NEW* term schedule!

What is the Behavioral Health Program?

Our Behavioral Health program prepares you for working with individuals and their families who receive behavioral health services in a variety of settings. The curriculum includes coursework in human growth and development, case management, developmental disabilities, and mental health disorders. Students are given the opportunity to practice their skills at a behavioral health care facility during their practicum in the fourth semester.

Share your compassion and interpersonal skills with this rewarding career as a Behavioral Health professional!

Career Opportunities

The Behavioral Health program at P.I.T. enables you to immediately join the workforce in an entry-level position in an emerging new career opportunity! Students will find employment at:

- Criminal justice
- Mental health facilities
- Children and youth agencies
- Inpatient and outpatient rehabilitation centers
- Hospitals
- Corporate employee-assistance programs
- Prevention and intervention centers

Why is the program beneficial to me?

In addition to being prepared for immediate employment, P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. and complete a bachelor degree at one of these educational partners, or at any accredited college or university. P.I.T. will prepare you for the next step that's right for YOU!

Why choose P.I.T. to prepare you as a Behavioral Health Professional?

1. Experienced Instructors

The College's Behavioral Health program instructors either come from a real-world background or still hold behavioral health positions. They share their working knowledge to better prepare our students to enter the workplace.

2. Intimate learning environment and family atmosphere

Our instructors know each student on a first name basis. Smaller class sizes allow us to focus on each student's individual strengths and areas in need of improvement.

3. Parallel Learning

P.I.T.'s unique "parallel learning" approach saves time and money for students. We offer skill strengthening and degree classes at the same time, fast-tracking students to a degree.

4. Learn at your own pace! – E-Learning at P.I.T

A number of courses are blended learning, enabling students to spend less time in class and more time learning. You meet once a week with the instructor and the rest of the time interacting with your instructor over the Internet.

5. Free tutoring

Scheduled tutoring from both instructors and honor students is available to ALL P.I.T. students, free of charge!
