

# Health Science

## *The gateway to our Physical Therapy Assistant and Practical Nursing Programs!*

**Achieve your goals fast and efficiently. In only eighteen months, you can earn your associates degree with our NEW term schedule!**

### **What is the Health Science Program?**

Earning an associate degree in Health Science gives you the requisite courses needed to further pursue education in many health care related careers. It gives the student the ability to demonstrate perseverance and show the aptitude of completing collegiate level work. The curriculum is weighted heavy in science and math, which will prepare the student for more clinical aspects of health care education.

### **Build a solid academic foundation for your future in Health Care!**

#### **Why is the program beneficial to me?**

The Health Science program at P.I.T. prepares students for candidacy at many of the region's nursing and physical therapist assistant programs, including P.I.T.'s Practical Nursing and Physical Therapist Assistant programs. Health Science professionals have found careers in:

- Diagnostic services
- Therapeutic services
- Support services
- Health informatics
- Biotechnology research and development

#### **Where can I go after P.I.T.?**

The Health Science degree is designed to be fully transferable to a four year college or university; many students continue their education to pursue a more specialized four year bachelor's degree. P.I.T. has transfer agreements with a number of colleges and universities in the area that enable you to transfer your college credits earned at P.I.T.

## *Why choose P.I.T. to prepare for nursing or physical therapist assistant careers?*

### **1. Courses Transfer to other colleges and universities**

Most of the courses, and in many cases all of the courses will transfer to other colleges and universities.

### **2. Experienced Instructors**

The College's Health Science instructors either come from a real world background or still hold nursing or physical therapy positions. They share their working knowledge to better prepare our students to enter the workplace.

### **3. Intimate learning environment and family atmosphere**

Our instructors know each student on a first name basis. Smaller class sizes allow us to focus on each student's individual strengths and areas in need of improvement.

### **4. Learn at your own pace! – E-Learning at P.I.T**

A number of courses are blended learning enabling students to spend less time in class and more time learning. You meet once a week with the instructor and the rest of the time learning on computer software.

### **5. Free tutoring**

Scheduled tutoring from both instructors and honor students is available to ALL P.I.T. students, free of charge!

### **6. Portfolio Building and Interview Coaching**

The value of a P.I.T. education extends beyond the classroom! Our instructors work hard to prepare graduates through portfolio building and interview coaching.
