Pennsylvania Institute of Technology

TEXTBOOK INFORMATION

For the convenience of the students, the on-line books store, **EDMap**, is available for the purchase of textbooks. Students are assured that by using the on-line books store, they will have the correct textbooks for class. Textbooks are shipped directly to the homes of students and delivery averages 3 days from the date of the order.

Students are not required to purchase textbooks from **EDMap**, the on-line book store. Textbooks new or used may be purchased by any bookseller, other students or alumni provided that the required textbook edition is purchased.

Textbook prices are subject to change based upon decisions made by the publisher. Any textbook purchased on the on-line bookstore is fully returnable pursuant to the on-line bookstore's textbook return policy.

The on-line book store will buy back any used textbooks from students based upon prevailing prices. Students can easily resell textbooks by clicking on *On-Line Bookstore* at the College's website, www.pit.edu.

The College makes available to new and current students course schedules several months prior to the start of a new semester. Students meet with their Academic Advisors to select appropriate courses for the next semester.

The list of textbooks required for next semester's courses are posted on the College's website, www.pit.edu well in advance of the start of the new semester. Students click on the *On-Line Bookstore* icon and enter the number and name of the course. The name of the required course textbook(s), name of author and publisher and ISBN number will be provided.
