

# Clinical Medical Assistant

Breathe NEW LIFE into your career!

In under a year, you can earn the skill and knowledge needed to be successful as a Clinical Medical Assistant!

## What is the Clinical Medical Assistant Program?

Clinical Medical Assistants provide support to both healthcare professionals and patients. Our graduates are prepared for direct patient care positions, working side by side with a physician or other healthcare professionals. Any time you visit your doctor's office, you'll more than likely interact with a Clinical Medical Assistant. These professionals assist in a range of tasks, including taking your medical history and performing routine procedures and tests.

## Why is the program beneficial to me?

Entering a new career as a clinical medical professional will open a myriad of new career opportunities for you. Our Clinical Medical Assistant certificate program provides classroom instruction and clinical education, preparing you to complete the national certification examinations for Phlebotomy, EKG Technician, Patient-Care Technician and Certified Clinical Medical Assistant.

## Job Market

- Doctors' offices
- Multi-doctor practices
- Home health care
- EKG testing facilities
- Surgical centers
- Urgent care clinics
- Medical laboratories
- And more!

## Go Further, Faster.

In addition to being prepared for an immediate career, P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. or apply them toward a bachelor's degree offered at P.I.T. to continue your education successfully. P.I.T. will prepare you for the next step that's right for YOU!
