Health Care Management with Coding Academy

100% Online!

Achieve your goals fast and efficiently! In your first year you can earn certifications needed for a good income while finishing your degree!

What is the Health Care Management Program?

P.I.T.'s Health Care Management with Coding Academy is an innovative approach to provide students with fundamental skills in management, business, health care information, anatomy and physiology, health care law and ethics, medical billing and coding, and insurance and reimbursement—all essential functions required to be a successful health care manager.

Why is the program beneficial to me?

The Health Care Management with Coding Academy program prepares students for entry-level jobs in the management of health care companies.

Job Market

- Hospitals and health systems
- Urgent and emergency care centers
- Insurance industry
- Managed care facilities
- Medical group practices
- Outpatient centers and more!

Go Further, Faster.

In addition to being prepared for an immediate career, P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. or apply them toward a bachelor's degree offered at P.I.T. to continue your education successfully. P.I.T. will prepare you for the next step that's right for YOU!
