

Psychology and Behavioral Health

Help yourself to a brighter future with a career helping others.

Achieve your goals quickly! In as little as under two years you can earn your college degree with our FLEXIBLE term scheduling.

What is the Psychology and Behavioral Health Degree?

The Psychology and Behavioral Health program provides students with a comprehensive understanding of how a person's mental health evolves and affects their behavior and self-image. The theoretical side of psychology is blended with real-world applications, often using case studies, so that the student is prepared to enter the workforce as a mental health professional, such as an addictions counselor.

Why is the program beneficial to me?

Graduates of the Psychology and Behavioral Health Degree program are often employed in entry-level, non-clinical positions in a range of different fields.

Job Market

- Community Relations Specialists
- Health and Wellness Counselor
- Psychiatric Aides
- Health Specialists
- Group Home Coordinator
- And more!

Go Further, Faster.

In addition to being prepared for an immediate career, P.I.T. has transfer agreements with a number of colleges and universities in the area. These agreements enable you to transfer your college credits earned at P.I.T. or apply them toward a bachelor's degree offered at P.I.T. to continue your education successfully. P.I.T. will prepare you for the next step that's right for YOU!
